### Description

## PUTNAM ROLLING OAK LIBRARY LADDER

**Description:**

This is a Putnam No.1 Rolling Ladder.

The No.1 Rolling Ladder is made from select red oak, which is filled and varnished. Steps are screwed to rails, not nailed, and rods are placed under each step, for greater strength. The top slide feature permits the rolling ladder to be pulled out for use or pushed back against shelves to conserve space. The ladder rolls on 7/8" slotted track, which is fastened to shelving by brackets mounted either in a vertical or horizontal position, or on the top of shelving. The track can be bent for a 90 degree curve (inside)--with a 30" radius.

This is the up graded model, with factory installed non slip rubber abrasive on the steps. Standing 9' 9 1/2" high overall. It can be used in rooms with ceilings 10' or higher. Measures 16" across at top, 27" across at the wheels. The ladder comes with top rolling hardware as shown.

You will need to get the mounting brackets and rod for your application. These are available and can be ordered from Putnam at [www.putnamrollingladder.com](http://www.putnamrollingladder.com).

Condition is very good, just shows very slight signs of being used with a few marks at the bottom. See photos. Don't miss out on one more of these great ladders.

FLAT \$30 SHIPPING TO ANY WHERE IN THE CONTINENTAL UNITED STATES.
